He had brought Kath and their four-year-old son Alex up to the ship to be present with him at the unveiling ceremony being held in the main concourse of the new nose section. Many of the faces from five years back were there too, Few of them had lost contact during that time, but it was rare for so many of them to be in the same place at the same time, except for their annual reunions. Most of I) Company had assembled for the event-Sirocco, with Shirley and their twin daughters; Hanlon, who now instructed at the martial arts academy in Franklin, with Janet and their two children; Driscoll, who had taken a rest from his touring magic show, one of Chiron's major entertainment attractions; Stanislau, now a computer software expert; Swyley, who directed and produced-movies, usually about the American underworld, along with a couple of the pretty girls who seemed to surround him wherever he went;. . and there were others. "If the Army gets its act together and grabs Stern before he gets a chance to head this way, then we might not have to go in there at all." "Do you want us to have to drag you there?". Lechat asked, puzzled..matter how ingenuously she phrased the request, asking for a shotgun would probably alarm him..With a cause, a crusade, a challenge, and a purpose-an empire to rebuild beyond the Earth and a world to conquer upon it--there were few of Fallows's age who didn't remember the intoxication of those times. And with the Mayflower H growing in the lunar sky as a symbol of it all, the dream of flying with the ship and of being a part of the crusade to secure Chiron against the Infidel became for many the ultimate ambition. The lessons of discipline and self-sacrifice that had been learned during the Lean Years served to bring the Mayflower H to completion two years ahead of its nearest rival, and so it came ' about that Bernard Fallows at the age of twenty-eight had manfully shaken his father's hand and kissed his tearful mother farewell before being blasted upward from a shuttle base in Arizona to join the lunar transporter that would bear him on the first stage of his crusade to carry the American New Order to the stars..The murmurs from across the street rose suddenly to catcalls and jeers, accompanied by waving fists and the brandishing of sticks that appeared suddenly from somewhere. Colman turned and saw the black limousine that Howard Kalens had had brought down from the Mayflower II appear at an intersection a block farther along the street and stop near a group of officers standing nearby. Major Thorpe detached himself from the group and walked across. Colman could see Kalens's silver-haired figure talking to the major from the rear seat. They were wearing uniforms---U.S. Army uniforms. Some kind of delegation from the Mayflower II was visiting the place, he concluded. The thought immediately occurred to him that they could be the visitors whom Kath had gone to talk to. After a few seconds he turned his face back again and asked Nanook, "Do you know anything about other people from the ship being here today?".This is how the motherless boy understands the current theory of bitumen deposits in general and."Donella, don't be too hard on the kid. "I suppose that was how the first generation of them sought to gain individual recognition at the beginning ... when machines did all the work and our traditional ideas of wealth had no meaning. And it's become embedded in their basic thinking." He nodded slowly to himself and reflected further. Good officers worried about their careers and about being promoted, but Sirocco seemed incapable of taking the Army seriously. A

multibillion-dollar industry set up for the purpose of killing people was a serious enough business, to be sure, but Colman was convinced that Sirocco, deep down inside, had never really made the connection.
